## MISSIONARY HIGHLIGHTS

### Missionary DANIEL ISSAC M:

Elumalai (65) suffered from knee pain for three months. He went to the hospital but the medicines doctors gave did not cure his condition. We prayed to God for his healing and God answered our prayers and healed him. he is now happily worshipping the Lord. We praise and thank God for the healing in the life of Elumalai. When people get healed the people of the village come to know about this and the name of the Lord is glorified and many people come to know about Jesus.

Jeya Paul (50) was addicted to alcohol for many years. His addictions damaged his inner organs and he began to vomit blood. He was admitted into the hospital and his health condition worsened. We came to know about him and visited him at the hospital and prayed for his deliverance and healing. God answered our prayers and he got healed and was discharged from the hospital. He came to the church and the word of God changed his life! He gave up his addiction and accepted Christ as his Savior! All his family members are very happy seeing the transformation in his life. He got baptized a few days back and he is worshipping the Lord faithfully. Praise God!

(continued)

### Missionary PHILIP A:

Saroja (50) was paralyzed and was not able to walk. She was bedridden and suffered physical and mental pain. We visited Saroja at her home while we were sharing the gospel in her village. We shared to her about the love and healing power of Jesus and prayed earnestly to God to heal her. God answered our sincere prayers and she got completely healed. As a result she gladly accepted Christ as her Savior and Lord. We thank and praise God for the healing and salvation of Saroja. Praise God!

### Missionary ANAND JOSHUA V:

Anand (40) was mentally unstable for the past five years. He did not go to work nor was he in a position to take care of his family .His family suffered a lot financially due to his sickness and also they were worried about him. Our church believers somehow managed to bring him to the church on a Sunday. We all prayed together earnestly for his deliverance. God answered our prayers and he got completely delivered. He accepted Christ as his savior and is coming to the church. His daughters Abhi (17) and Aruna (15) both accepted Christ seeing the deliverance of their father and are coming to the church. Praise God!

## GOD IS GOOD 1 JOHN 3:1

"Behold, what manner of love the Father has bestowed upon us, that we should be called the sons of God..." God is good, not because He does good things, but that is who He is and He never changes. It is easy for us to say God is good when 'good' things happen to us. When the storms of life come, when we are in distress and pain – God is good. He never leaves us. He is close to us during the storm, distress and pain. God's goodness is not dependent on the perceived outcome of a situation.

He is the Giver of all good gifts. He gives His children eternal life, hope, joy, peace, mercy, grace – countless blessings are from Him. In our earthly family we can look in the past and remember the bad or negative things in our life OR we can choose to remember and focus on the good – positive things we experienced. We each have the opportunity to choose how we view the past. Sometimes it may be difficult to see how God is working good in our life when we trudge through the valleys of life.

I see our brothers & sisters in India, where there is nothing pleasant about their circumstances, yet they are filled with the joy of the Lord. A choice! When you are despondent, read the verses listed below. Good spiritual medicine to lift one's spirit. God is so good to His children. May God's richest blessings rest upon each of you.

Tony
